

## Sweet Symmetry Card Class

In your class kit, you will find supplies to create 8 cards. To complete the cards as shown, you will need adhesive, ink pads, and the In Symmetry stamp set. The ink colors used are Bumblebee, Calypso Coral, Flirty Flamingo, Just Jade, and Night of Navy. Feel free to use any combination on your cards. With the In Symmetry stamp set, you can create a wide variety of floral images with just a few colors.

I've also included a pack of Stampin' Dimensionals and a pack of Pearl Basic Jewels. I like to add a lot of Dimensionals between the layers. However, if you plan to mail your cards, you may want to limit your use of Dimensionals to the focal point. There was not an embellishment that coordinated with the Sweet Symmetry Designer Series Paper, so I chose to use the Pearls. You can easily color them with Stampin' Blends to accent the cards. I've only shown one sample with the pearls, but I encourage you to use them on all your cards.

I've used several new stand-alone dies in this class. The complete list of supplies is on the next page and all products may be purchased in my online store at <http://stampdoc.stampinup.net>. I hope you enjoy making these colorful cards!

Sweet Symmetry: 4" x 5-1/4"

Sweet Symmetry: 3" x 5"

Bumblebee: 5/8" x 2-1/2"

## STAMPING TIPS

- Stamp the flower image in Flirty Flamingo and Just Jade inks onto Basic White cardstock. I stamped off first in the sample, but it looks great at full-strength, too.
- Die cut the focal point with the Layering Circles Dies
- Die cut a scallop circle from Just Jade cardstock
- Tie a small piece of White Bakers twine in a bow and adhere to the flower with a small drop of Multipurpose adhesive
- Stamp the greeting in Night of Navy ink onto the small strip of Bumblebee cardstock. Flag cut the end before adhering to the card base
